The Way of Council

In this gathering we will examine the four established guidelines of the Way of the Council – the native tradition of group facilitation in which we gather in circle to be seen, heard, and deepened.

The prompts for this gathering will in fact be centered in the very guidelines of the Way of Council itself – speaking from the heart, listening with the heart, speaking spontaneously, and speaking with brevity.

This gathering will introduce the Way of Council process to those who are unfamiliar with the it, but who have a desire to be participants in council in the future -- or who are interested in doing a Men's Rites of Passage. We will also discuss and practice how to be effective facilitators of Council for those who are experienced in Council and would now like to lead Council.

What to bring:

Lawn chair, drums, warm clothing

A donation of \$20 is appreciated, but not essential. Lunch will be provided.
